Dial **911** for all Emergencies

Dear Neighbor,

We would like to start by saying THANK YOU. Thanks to the generous support of our Friends and Neighbors of Lower Pottsgrove Township, we have accomplished many things.

Last year in 2009 Ring Hill Fire Company placed in service a 2009, 3000 gallon pumper/tanker. What an accomplishment, thanks to you our neighbors. This year we have taken on another daunting task. Our current self contained breathing apparatus is closely approaching the end of their serviceability. And thanks to you, our supporters, we are able to purchase new and improved air packs. In addition to providing safe air to breathe, the installation of an integrated personal accountability system allows the Fire Chief to monitor each firefighter while they are in a dangerous area. Also, a rescue harness will assist the firefighter escape from an elevated area if they find themselves in trouble. Again THANK YOU. Projects like this are not possible without the support of our residents.

More firefighters are obtaining their Pennsylvania Voluntary Firefighter Certification. What does this mean to you? This means that when the alarm sounds, firefighters trained to the State's requirement are responding to your need. We strive to provide you with trained personnel.

Your fire company is staffed entirely by VOLUNTEERS. During the year we also provide public education by visiting the schools and through other fire prevention week activities. We strive to ensure our residents are educated in the importance of fire prevention. Feel free to stop by the station on a Monday or Thursday evening and take a tour. Want to volunteer? Applications are being accepted.

In closing we understand the economic times are challenging. A 2010 tax deductible contribution to the Ring Hill Fire Company ensures that we will be able to provide continued service. Again, thank you for your continued support.

2009 Statistics

Emergency responses	283 calls
Total hours	255 hours
Training hours	2029 hours
Fundraising hours	3880 hours
